1:1 Epoxy System

UVPoxy® is a professional quality, high-performance epoxy system that's UV-stable and produces a high gloss, water clear finish. It's an ideal solution for woodworkers, artists and craftspeople, and is perfect for top coating, decorative coating, and thin casting. UVPoxy® resists yellowing, fading and cracking. It is self-leveling and can quickly be built up in 1/8" layers. Professional applicators prefer UVPoxy® over cheaper alternatives, because of its proven performance, crystal-clear finish, high viscosity, low fading over time, and reliability. UVPoxy® is design to you give you consistent results in coating projects, offering efficiency and savings over time.
